

ROYAL FACILITY MANAGEMENT

Smart Solutions

Where Professionalism Meets Excellence.

ABOUT ROYAL FACILITY MANAGEMENT

Fourteen years ago, from a unique vision, was laid the foundation of one of the best and most comprehensive Security solutions provider – Royal Facility Management.

OUR MISSION :

A totally secure environment for our clients.

OUR COMPANY :

Royal Facility Management, incorporated in 2005, has a good track record and an excellent name in the field of Security across India. Having successfully carried out many security programmes to cater to the discerning needs of our wide range of clients, from modest origins.

OUR NETWORK :

Ours is a widespread organization, having a presence in almost all the states of Northern, Western, central and Southern India Organic and Inorganic. We have regional offices to cater to clients across Delhi, Goa, Haryana, Himachal Pradesh, Madhya Pradesh, Maharashtra, Uttarakhand and West-Bengal with our Corporate Headquarters in Pune.

All our offices are manned by dedicated professionals with a vast expertise in handling any operational related issues. Thus there is always a professional Royal Facility Management support nearby to respond to its clients.

OUR PEOPLE :

In this people-oriented business, Royal Facility Management needs high-quality people and processes operating at peak performance 24x7, around the year.

With our key promoters being technocrats, who have served earlier at senior positions in the Indian Military, Para-Military services and the service industry, the templates to ensure strict compliance to statutory parameters, utmost customer satisfaction and ethical business practices were laid right at the beginning.

The careful scrutiny of employee selection and subsequent induction and training ensures the best security for all clients. Our staff is our greatest asset. All employees are highly motivated and deeply committed to offer the best services.

OUR SERVICES

1. GUARDING SERVICES :

We provide trained guards to protect the premises of a large number of clients across sectors that include Automobile, Banking, Corporate, Event Security, Hospitality, Industrial, IT, Pharmaceutical, and Telecom. Our supervising staff on location ensure total Security for the clients.

2. SECURITY TRAINING:

Royal Facility Management has its in-house training centre at Pune and strategic tie-ups across country, where both new recruits and existing staff undergo thorough training. Obstacle courses, role plays, classroom training, on hands training on operations of Surveillance systems, Access Control systems, Fire detection systems, Identification of Types of Fire and operation of Fire Extinguishers, Soft skills and telephone etiquettes are conducted by trained faculty to ensure highly professional and responsive security services.

Our training facility is approved by the Ministry of Home Affairs, Govt. of Maharashtra and is eligible to provide training to security personnel from other security agencies. Security Training is imparted to all personnel who can then perform as security guards in companies as well as other security companies.

3. SECURITY

CONSULTANCY SERVICES :

We provide consultancy services and conduct security surveys for our clients. Based on our surveys, we advise our clients about the various kinds of security needs and the equipment and manpower requirements suited to their organisation.

4. ANTECEDENT VERIFICATION SERVICES:

We offer to our clients the unique facility of antecedent verification. We offer to carry out comprehensive background checks on all personnel being employed by or associated with our clients, through our countrywide intelligence network. The information we can provide is highly reliable and confidential.

5. CORPORATE INTELLIGENCE:

With the rise in competition and its inherent dangers in the market, there is a demand for corporate intelligence. With our well spread network, we are able to gather dependable data and information. We also offer cloaking services, aimed at foiling industrial theft and espionage, besides other related activities.

6. DOG SQUADS:

We have an exclusive section of skilled dogs with trainers and handlers, for providing security cover to our clients. The dogs are trained professionals of the army and police dog units.

7. UNIFORM MANUFACTURE:

There is a special tailoring division which manufactures uniforms for our guards employed at various sites. We are equipped undertake to supply uniforms for other security agencies as well.

8. CRISIS MANAGEMENT:

Royal Facility Management has been providing help to its esteemed clients during industrial crisis by placing additional manpower, at times between 100-150 security guards supervisors, within 10-15 hour notice. Crisis management cell monitors all such situations round the clock and is in direct touch with the corporate decision making body, immediately provide any further help and relief.

9. PERSONEL PROTECTION **SERVICES:**

We have on our rolls a group of smart, fluent in communication and highly dedicated force of graduates, as Personal Protection Officers. Trained in self-defence, they can form an effective team to meet demands of our clients' immediate and close protection.

OUR PERFORMANCE

Incorporated in 2005, Royal Facility Management has evolved into one of India's best guarding services providers, across the decades, with thousands guards deployed across multiple states. What is significant; though is the quality of personnel and processes that Royal Facility Management maintains, to ensure a consistent high-quality security performance. We have one of the lowest employee iteration and highest client retention ratios as compared to competitors. Lowest employee iteration and highest client retention ratios as compared to competitors.

OUR CLIENTS

Our work varies from providing services to blue chip clientele across sectors like Automobile, Banking, Corporate, Hospitality, Industrial, IT, Pharmaceutical, and Telecom to small retail outlets.

OUR FUTURE
